

This architectural site plan depicts a sports field layout. At the top, a label 'INGRESSO CARRABILE' (Vehicle Entrance) is positioned above a triangular entrance symbol. The plan features several key elements:

- Central Structures:** A large, irregularly shaped area in the center contains several rectangular outlines, some of which are highlighted in red. Below these, there are two circular structures, also with red outlines, each featuring internal radial lines.
- Top Structure:** A rectangular building with a hatched roof is located near the top center.
- Bottom Left Structure:** A long, rectangular structure with internal horizontal lines is situated in the bottom left quadrant.
- Right Side Features:** A parking area with four cars is located on the right side. Below it, a small landscaped area with trees is visible.
- Landscaping and Paths:** The field is bordered by green areas with trees and shrubs. A path of small green circles runs along the bottom and right edges. Numerous black diamond shapes are scattered throughout the field, possibly representing lights or markers.
- Orientation:** A compass rose is located in the center-left area, indicating the orientation of the plan.
